DEPARTMENT OF COMPUTER SCIENCE

JAMIA MILLIA ISLAMIA

About JAMIA MILLIA ISLAMIA

Jamia Millia Islamia, established in 1920, is a prestigious Central University, located in New Delhi and accredited by NAAC under category A. It is an autonomous institution established by an act of Parliament and Hon'ble President of India as its visitor. Being the embodiment of visionaries like Mahatma Gandhi, Moulana Mohammad Ali Jauhar and Dr. Zakir Hussain, this national institute epitomizes synthesis of ancient wisdom and modern scientific temper. The model of education conceived and enriched by its illustrious founder offers refreshing perspective to young minds and facilitates the accomplishments of their talents.

The national ethos of Jamia Millia Islamia is reflected in its richly diverse students and teaching community transcending regional, lingual, religious, and even national boundaries. Jamia Millia Islamia has already played an important role during the Commonwealth Games and TOYOTA University Cricket Championship held in October 2010 and 2013, respectively.

PLACEMENT COORDINATOR'S MESSAGE

Dear Recruiters,

The Placement Committee of our Department has been playing an active role in shaping the career of the students by bridging the gap between industry requirement and a student's career. Our past records are extremely good but the best is yet to come. The Programmes / Courses run by our Department are job-oriented which not only impart higher knowledge but also make one competitive at the global level.

As India is already one of the leaders in producing skilled manpower in the software industry, our Department adds one more feather to this cap. To keep abreast with the latest development in IT and Bio-informatics, the Department organizes workshops and extension lectures to boost the knowledge as well as the morale of the students. Here students are given independent projects to work on to explore their skills, abilities and also acts as a tool for self-judgment. A joint smooth programme is made with the Central TPO of the University and the Placement Committee of the Department. The Department also organizes motivational lectures for students on placement from time to time. This gives the student an idea of how to face an interview and other selection tests in the corporate sector by which we can produce better results. The Placement Programme of the Department normally starts with the visits of industries just after the end of even semester examination. However, this year, considering the current situation, I welcome you to participate in our Virtual Campus Placement Programme. The placement brochure contains the student profile and related details. I request you to kindly let us know your plan to visit our Department (DCS). Looking forward to a fruitful association.

Dr. Suraiya Jabin
